NEWS RELEASE

Moog QuickSet receives supplier excellence award from Raytheon Integrated Defense Systems

April 20, 2011 – Moog QuickSet was recognized for its quality and performance by Raytheon Integrated Defense Systems on April 13, 2011 in Andover, MA. Moog QuickSet received a coveted 5 Star Supplier Excellence Award at a recognition ceremony held at the Wyndham hotel in Andover.

Raytheon recognizes its suppliers based on three important factors: on-time delivery measures, sustained performance on quality and commitment to continuous process and quality improvement.

“Our Pan & Tilt and surveillance systems provide an unprecedented level of performance and reliability for Raytheon IDS,” said Moog QuickSet General Manager Andy Lareau, “ultimately, these tower based security systems help protect the brave men and women of the United States Military.”

Moog QuickSet’s role in the RAID programs dates back to 2006. With a 75 year history Moog QuickSet has extensive experience in motion control platforms for mission critical applications that protect our Warfighters. Over the course of the RAID program, Moog QuickSet has delivered hundreds of systems and are proud to support Raytheon and the United States military troops.

Moog QuickSet is the industry leader in rugged, precise positioning systems. Founded in 1933, QuickSet established itself early as the principle supplier of heavy-duty tripods and pan and tilt positioners. Today QuickSet is the go-to company for security, surveillance and sensor components as well as fully integrated security solutions. Additional information about the company and its products can be found at www.quickset.com.

Moog Inc. is a worldwide designer, manufacturer and integrator of precision control components and systems. Moog’s high-performance systems control military and commercial aircraft, satellites and space vehicles, launch vehicles, missiles, automated industrial machinery, wind turbines, marine and medical equipment. Additional information about the company can be found at www.moog.com.
